

SEMI-FOLD™ Installation Instructions

It is recommended that two people should lift and install the Semi-Fold Box Spring

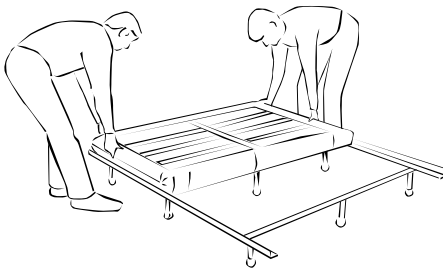

1.

Remove the plastic bag from around the folded Semi-Fold Box Spring.

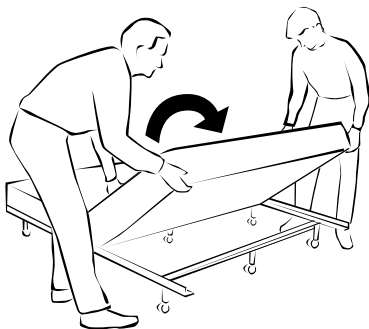

2.

Any adult bed should have a heavy duty bed frame with proper center support for king and queen sizes.

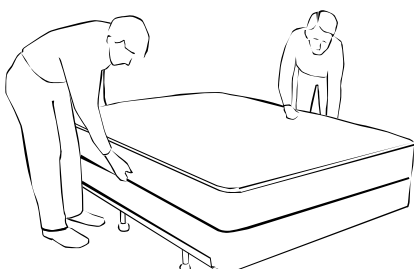

3.

Position the folded Semi-Fold Box Spring on the bed frame with the hinged end across the center.

4.

Unfold the box spring while making sure the box spring rests on the bed frame properly.

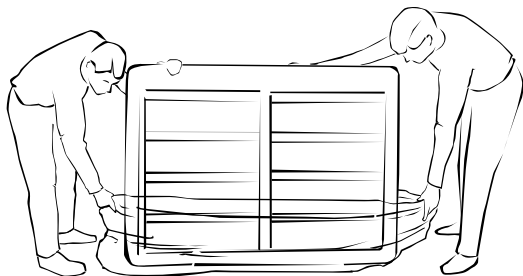

5.

Place your mattress squarely on top of the box spring. The Semi-Fold box spring may require a "settling-in" time as it adjusts to the weight of your mattress.

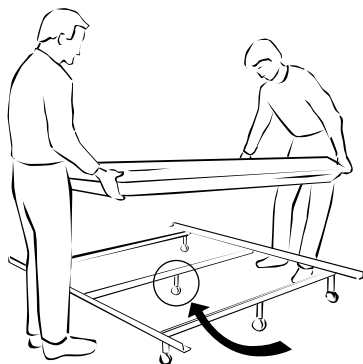

Instrucciones de Instalación de SEMI-FOLD™

Se recomienda que dos personas levanten e instalen el box spring Semi-Fold.

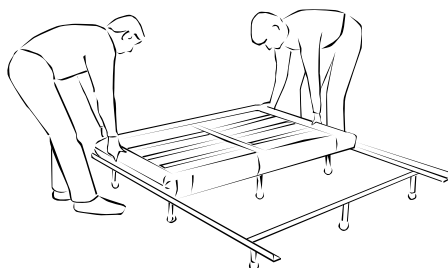

1.

Elimine la bolsa plástica que recubre el box spring Semi-Fold plegado.

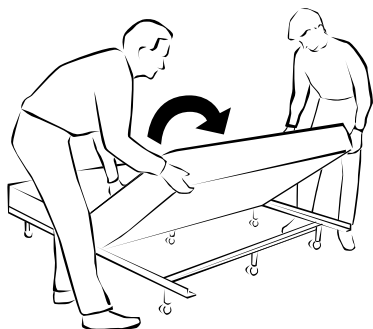

2.

Cualquier cama para adultos debe tener un armazón de alta resistencia con un apoyo central adecuado para los tamaños King y Queen.

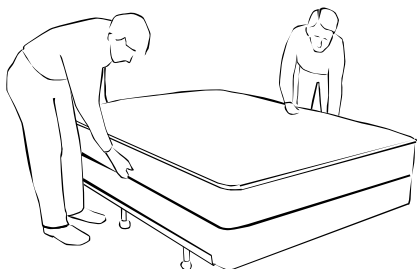

3.

Coloque el box spring Semi-Fold plegado sobre el armazón de la cama, con el extremo con bisagras en el centro.

4.

Desdoble el box spring y, al mismo tiempo, verifique que éste se encuentre adecuadamente colocado sobre el armazón de la cama.

5.

Coloque el colchón de forma alineada con el box spring. El box spring Semi-Fold puede requerir un tiempo de adecuación, mientras se ajusta al peso del colchón.
